### Architectural meet cancelled

Due to an anticipated lack of quorum, the special meeting of the Upland Architectural Commission called for 8 a.m. this morning was cancelled.

The next regular meeting is scheduled Thursday, Nov. 19 at 8 a.m. in the council chambers at city hall, 177 D Street.

The special meeting had been called to consider the adoption of design criteria guidelines for Architectural Commission reviews and to review AR-136 and sign no. 70-36(14) submitted by Community Foursquare Church, 205 S. Campus Ave.

### Toys, food sought

Food, candy and small toys are being sought by Joe A. Brown, for the next trip in his seven-year campaign to help the people who live in the area of the Tijuana dump.

Brown will be taking the items to the poverty-stricken Mexicans approximately Dec. 19. There are about 250-300 adults and children who have benefited from his efforts over the years.

Later in 1971, Brown said, he will be gathering clothing for the small community because, "they really need it", as they live in cardboard huts. Currently, though, he is interested in the smaller items specifically for Christmas.

Donations may be brought to Brown at his home, 2366 Chanslor, Pomona, or pick-up of items can be arranged by calling 627-5947.

### Chamber backs OIA

The Upland Chamber of Commerce board of directors has unanimously adopted a resolution urging the continued expansion of Ontario International Airport and strongly reprimanded the West Valley Planning Agency.

The agency was taken to task for their report which the Chamber resolution said "reported an adverse impact on the ecology of the area through noise and pollution and has unduly alarmed the citizenry in the area."

The chamber urged the continued development of OIA in accordance with the master plan developed by the Los Angeles Department of Airports and said the West Valley Planning Agency had "given insufficient consideration to the advancement in technology within the time period of the development of the Ontario International Airport."

Chamber representatives will present the resolution to an open meeting of the San Bernardino County Board of Supervisors, and to the Upland City Council.

### Rabies check slated

Dr. Merle E. Cosand, director of public health announces that rabies control officers from the Public Health Department will soon be in the Upland area of the County to see if local residents have their dogs properly licensed and immunized against rabies.

Rabies control investigators will go door-to-door and inquire whether dog owners have proof that their pets have a current rabies inoculation and license. The basic objective of this program is to strengthen public health protection by assuring that all dogs are vaccinated for rabies and to locate, apprehend and to reasonably reduce stray and nuisance dogs in the county.

The investigators have been instructed to collect for impoundment unclaimed and obvious stray dogs during their canvassing efforts.

Dog owners are urged to vaccinate and license now to avoid court fines. Anyone with an animal which has not been vaccinated or licensed will be given a court citation. This will require that they take the dog to a veterinarian to get the rabies shot then buy the license which is now set at \$5 fee and face a possible fine when they appear in court.

## UTC phones removed

BY BOBBE MCK

Because a few people mistake phone booths for trash cans and pop disposal units, the majority of Uplanders are missing the use of the four telephone booths in Upland Town Center.

Last week the General Telephone Company regretfully came to the decision that the cost of maintaining the four units in the downtown section far exceeded the revenue gained from them, and decreed that they be removed.

The phones were located in the small kiosks, two on Second Street and two on Ninth Avenue, along with mail boxes and information boards. The units had been especially designed and ordered when Upland began work on the Mall.

According to William Benton, sales representative for General Telephone, who worked with the city in designing the units, the company was "as proud of those phones as Upland was."

Benton said the units were considered "a showcase" and were proudly displayed by the company to visiting dignitaries.

"We tried and tried to keep them in," Benton said. "We tried and the city tried, but the vandalism is strictly unlimited up there."

He cited the continuing instances of cokes, ketchup and gum in the coin tracks, receivers yanked out by their roots, dial plates repeatedly pried off and hooks broken.

"The vandalism got to the point that we had to make one to three calls each day to service one or more of the four phones."

Ken Barber, who handles maintenance calls for the company, said it cost the company "\$18 each time we have to roll a man out there." This, he said, included the cost of the truck, time and wages.

Benton said the phone units were "unique to Upland". The other installations of this type are located inside public buildings, such as the San Dimas Library.

Benton indicated that the open phone booths, (green sides and top of white plastic) and the "booth" types were not subject to as much vandalism as these on the mall have been. He did indicate that the open green plastic booths were subject to more vandalism than the regular booths and, "We are cautious as to where we put those because of vandalism and robbery."

Consensus of the telephone company seems to be that the vandalism is done by older teenagers. Benton acknowledged that children do yank receivers off, etc., but "children would have to be pretty tall to hit these phones and do the damage they do."

Elwin Alder, Upland city manager, said that the phone booths had been a "servicable addition to the downtown area." Otherwise, he noted, shoppers had to ask to use a phone inside a store, or walk to the police station or a service station.

Alder said he felt the phones had been "too accessible"

After considerable discussion within the phone company, and between the company and the city manager, the company came to the decision to remove the phones Benton said.

Benton noted that, when ordering the units, two trips were made to the contractor in Riverside who was preparing the small kiosks to insure the units would "look right". He said a regular pay phone costs approximately \$165 but that these had cost \$250 installed.

Vandalism on phone company equipment is on the increase throughout the United States and is not a localized occurrence, Benton indicated. A small group of individuals seem to think phone equipment is "fair game" and proceed on the assumption.

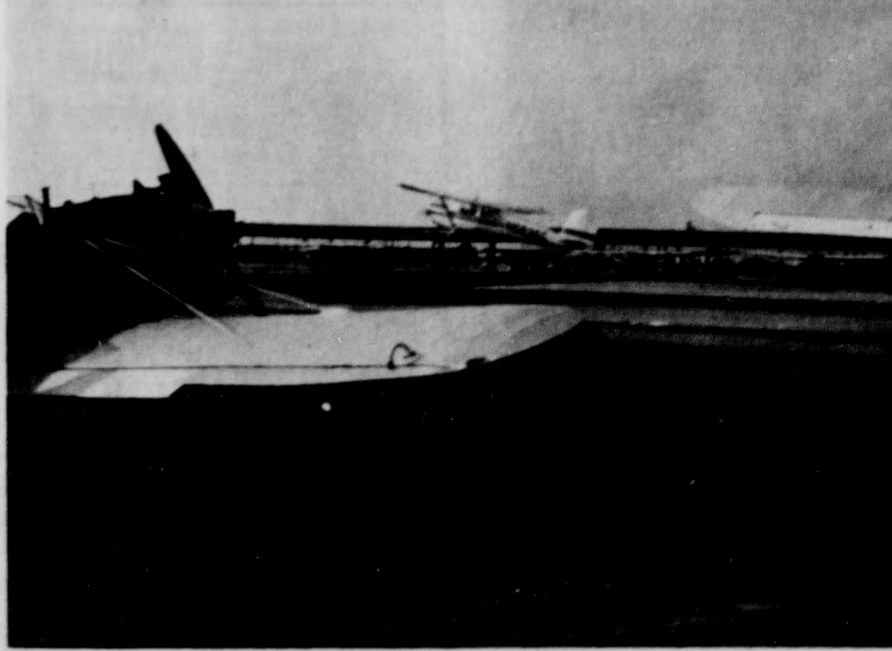

Because of this "small group" in Upland, the majority will do without public phones in Upland Town Center. With the phone units removed, a sheet of aluminum has been installed to cover the holes where once the modern good-looking telephones stood for the convenience of the public.

## Out of my mind

### Typewriter talk

BY  
JENNY KIRKPATRICK

Typewriter talk  
Me: Singing, "I'm  
Dreaming of a White  
Christmas."  
Typewriter: In Califor-  
nia?  
Me: "You don't think  
it's possible? Two years  
ago, my first Christmas  
in Upland, it snowed."  
Typewriter: No--Real-  
ly?

Me: "I had just fin-  
ished taking pictures of  
Christmas decorated  
homes and was busily tak-  
ing the film out of the  
camera when Bobbe Monk  
struck her head in the  
door. She was decked out  
in boots, cap and mittens  
and shouted, 'It's snow-  
ing!'"  
"I looked up and started  
to say that it was not  
snow, but rain. Then I  
saw a geometric pattern  
of snow falling, I slipped  
on my raincoat, tucked a

paper over my head and  
dashed out with camera  
in hand.  
"Back to picture taking  
of the decorated houses,  
this time with snow."  
"Such fun, tiny snow-  
flakes softly sliding  
across my face, the air  
was c-l-e-a-n and invig-  
orating. Some kids had  
come along and we gath-  
ered snow and built a  
snowman. No matter he  
held a palm instead of a  
shovel, this was Cali-  
fornia.

"The spirit of the day  
was as catching as a fo-  
reign flu bug, soon lots  
of people were rolling,  
sloshing, grabbing snow  
and generally having a  
good time."  
"Somehow the Christ-  
mas spirit abounded."  
Typewriter: What's  
Christmas Spirit?  
Me: "Christmas spirit  
is a feeling of wanting to  
give because you want to.  
Some people say we are  
so crass, we never give  
anything freely any-

more."  
Typewriter: There is  
so much around, why  
doesn't anyone want to  
give?  
Me: "That's why.  
Overabundance kills the  
spirit."  
Typewriter: I'm glad  
I am a typewriter. I do  
not have to search for  
anything, I just am.  
Me: "And no one ex-  
pects anything from you."  
Typewriter: Except  
you. You want me to talk

to you.  
Me: "Maybe, you want  
me to talk to my pencil?"  
Typewriter: No. The  
way you write, you  
couldn't read it.  
Me: "Thanks a lot. Hey  
hold still. Where are you  
going?"  
Typewriter: To do my  
Christmas shopping.

## Club doings

### Forty-Plus-Minus

A "Fall Frolic" dance  
will be held Saturday, No-  
vember 14, by the Forty  
Plus or Minus Club at  
Westmont Community  
Center, 9th St. and Gol-  
denrod Pl., Pomona. Doug  
Thomas and his orchestra  
will play from 9 p.m. to  
midnight.

Single adults over 30  
are invited to attend. Mix-  
er dancer and refresh-  
ments at tables enable  
newcomers to meet oth-  
ers. Sponsored by the Po-  
mona Parks and Recrea-  
tion Department, the  
club holds dances the sec-  
ond and fourth Saturday of  
every month.

For more information,

ation, 399 N. Garey Ave.,  
Pomona.

A panel of successful  
camellia growers will  
discuss the culture, care  
and varieties of camellias  
for this area. A display  
of early blooming vari-  
eties and a plant sale of  
the finest introductions  
from Kramer's Nursery  
will be a high point of the  
evening. Refreshments  
will be served and the  
interested public is in-  
vited.

### Upland OES

UPLAND--Prior to the  
regular state meeting of  
Upland Chapter 346, Or-  
der of the Eastern Star,  
Oct. 26, 85 members and  
their families sat down to  
a turkey dinner.

The dinner was pre-  
pared by Mrs. Pat Hale  
of the Upland Woman's  
Club, and served by Miss  
Jean Balph, De Molay  
sweetheart and Mickey  
Kizzlar, junior councillor;  
Oscar Kornblatt and Mi-  
chael Sutton, members of  
Old Baldy Chapter, Order  
of DeMolay. Dinner ar-  
rangements were under  
the direction of Mrs. Jo-  
seph Nadon, president of  
the Upland Past Matron's  
Club, assisted by all past  
matrons of the chapter.

Presiding in the East  
for the meeting were Anne  
and Robert Prest, worthy  
matron and worthy pa-  
tron, who welcomed  
worthy matrons Jean  
Powers of Star of the West  
Chapter, Pomona and  
Martha Hansen of Clare-  
mont Chapter, as well as  
11 past matrons and five  
past patrons of Upland  
Chapter. Special Escort  
was accorded Lorraine  
Peck, the past matron  
from Claremont Chapter  
who served Grand Chap-  
ter as Deputy Grand Ma-  
trou in 1970.

Twenty-five year Cer-  
tificates of membership  
in the Eastern Star were  
presented to Dortha Mor-  
row, Frances Tomkins,  
Elaine Wyperd, and Ron-  
ald Rowe, who were es-  
corted to the East for the  
presentations. Unable to  
attend, but receiving cer-  
tificates also were Eva  
Hockett, Mr. and Mrs.  
Harry Snowden, Jewell  
Southworth, and Ruth Hol-  
land.

With the assistance of  
the conductress, asso-  
ciate conductress, and the  
star points, the worthy  
matron presented a rib-  
bon ceremony which ex-  
plained in detail the re-  
lationship of the Star  
Points to each other.

Members adjourned to  
the dining room for birth-  
day cake, this being the  
Chapter's Birthday. Mrs.  
Francisco was chairman  
for the evening, assisted  
by Mrs. Henderson and  
Mrs. Lloyd Wilkin.

### Hadassah

On Nov. 21, Sharon  
Chapter of Hadassah will  
present a concert, "The  
Mishpoche Does Its Own  
Thing" at Temple Beth  
Israel, 3033 N. Towne  
Ave., Pomona, at 8:15  
p.m.

The Mishpoche (family)  
is a local group of folk  
singers and musicians  
whose reputation for stir-  
ring, exhilarating enter-  
tainment has spread from  
the East San Gabriel Val-  
ley to Los Angeles and  
Palos Verdes. Since their  
formation, over three  
years ago, the group's

## The Mishpoche

Members of the Mishpoche (family) group folk singers  
take a break between songs. They will perform for  
Hadassah benefit Nov. 21 at Temple Beth Israel,  
3033 N. Towne Ave., Pomona, at 8:15 p.m. The  
members are, front row from left: Bill Kertes and  
Milton Nelson; Second row: Joseph Rapaport, Bert  
Granada, Joseph Kertes, Harvey Dershin, Hy Brown;  
Third row: Sylvia Luginsky, Lillian Brown, Joy  
Silberberg, Marianne Kertes, Trish Kertes, Gerry  
Madorsky, Barbara Dershin, Edith Wilder; Fourth  
row: Sam Luginsky, Harry Schonfeld and Arthur  
Madorsky.

repertoire has grown to  
include folk songs from  
all over the world as well  
as American, Yiddish and  
Hebrew selections.

The individual mem-  
bers of the Mishpoche,  
and there are some 21  
in all, hail from almost  
as many nations as the  
songs they sing. There  
are natives of Austria,  
the Netherlands, Ru-  
mania, Hungary, Canada,  
and the U.S. A look be-  
hind the "show biz" fa-  
cade, reveals a cross  
section of doctors, en-  
gineers, businessmen,  
teachers, salesmen and  
students, all of whom are  
as devoted to each other  
as if they were a real  
family. Each brings to  
the group his own spe-  
cial talent, enthusiasm  
and, above all, original-  
ity, the Mishpoche's stock  
in trade.

Tickets may be pur-  
chased in advance by call-  
ing Mrs. Sidney Heilbrun,  
626-4480 or Mrs. Harold  
Morgenstern, 593-7977.  
They will also be avail-  
able at the door. Don-  
ation is \$2.50 for adults  
and \$1.00 for students  
and children. All pro-  
ceeds will go to the Ha-  
dassah Medical Organi-  
zation in Israel and Ha-  
dassah's other philan-  
thropies.

# Edison is working today for a better tomorrow

by providing ample electricity... by helping to improve the environment

Electricity brings us light, keeps food fresh, conditions the air we breathe, and brings the world within our reach by radio and television.

In factories, electricity is essential to keep production lines rolling. Without it, there would be fewer jobs and less prosperity. On the farm, electricity pumps water to irrigate crops, and does everything from milking cows to coaxing chickens to lay more eggs. Fortunately, electricity is clean, flameless, odorless and doesn't create by-products of combustion at its point of use.

Everything man does has some effect on the environment, and the production and distribution of electricity are not exceptions. But if we failed to supply electricity for the factories, farms and homes in the 14-county area we serve in Central and Southern California, the impact on all our lives would be devastating. After all, electricity is one energy we cannot do without.

## Electricity is vital.

A high standard of living and electricity go hand-in-hand. Shut off electricity and you shut down plants, computers, radios, TV sets, freezers, hospitals and even sewage treatment plants.

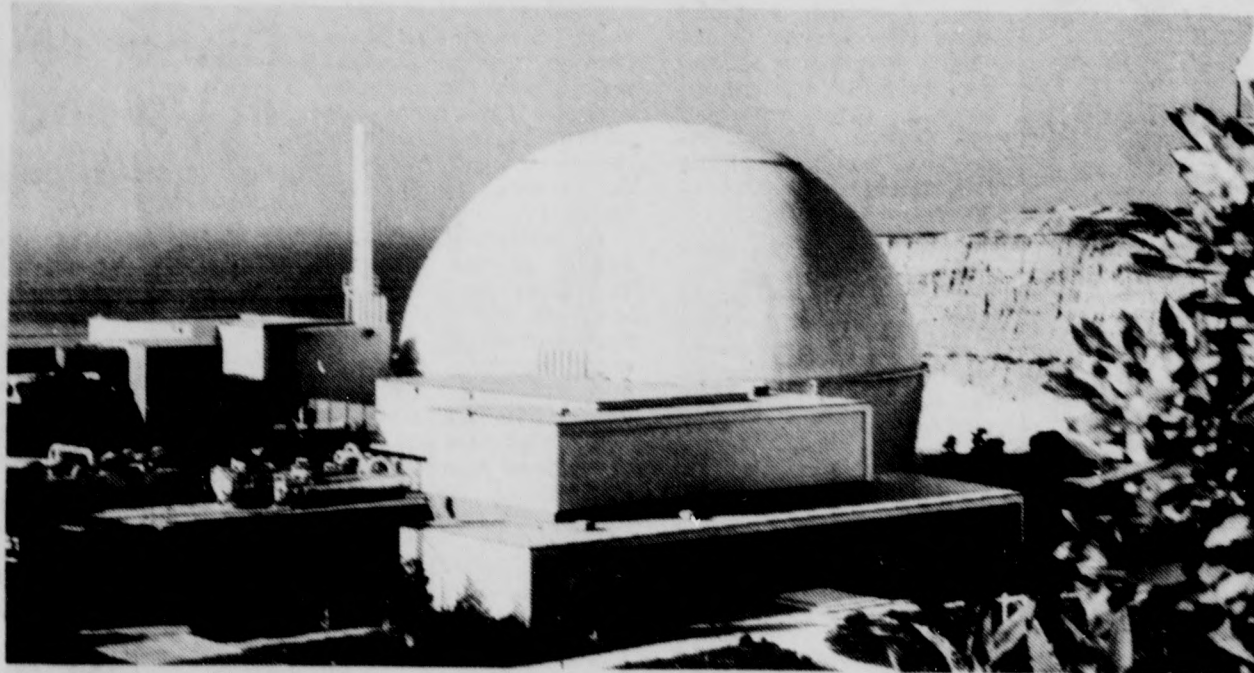

Two of our major goals are to continue to supply ample and reliable electricity and to work to improve the environment with relation to our generating plants and other facilities. We'd like to tell you how we do it.

Water was once the primary source of power used to spin the turbines that generated electricity for Central and Southern California. To trap the melting snows in the High Sierra, Edison created the vast Big Creek Hydroelectric Project. It meant opening up a mountain wilderness and building a network of dams and power plants. Today "Big Creek" provides electricity for hundreds of thousands of people.

It also provides a vacation paradise for the public to enjoy, including campgrounds, six major man-made lakes, and streams well-stocked with trout.

Moreover, "Big Creek" means flood control and irrigation water for the farmlands of the San Joaquin Valley below.

After most feasible hydroelectric sources for Edison customers had been tapped,

## Peaceful use of the atom.

Nuclear generation of electricity has two distinct advantages. It is a clean source of electricity, and it helps conserve our natural resources. Above, San Onofre Nuclear Generating Station, near San Clemente. Two additional units are scheduled at this site. Although the plant is a source of a minuscule amount of radiation, the amount is far below the levels set by the AEC.

## A vacation paradise.

Edison's Big Creek Hydroelectric Project, located in the High Sierra in Central California, supplies electricity and provides a vast recreation area for the public.

Edison turned to fossil-fuel power plants as a primary source to meet the growing demand for electric energy.

Power plants in Southern California have never been the major contributor to air pollution, but when fuel is burned in power plants, certain by-products of combustion are released into the atmosphere. This is true when burning gas or oil in power plants, gas in homes, or gasoline in autos.

To minimize by-products of combustion from our power plants, Edison has been working for many years in many ways. For example, Edison launched extensive air pollution research programs over 15 years ago. We were among the first companies in the nation to activate such programs. We were also the first utility in California to use a low-sulfur oil from Indonesia. It's costly, but it burns much cleaner.

We have succeeded in making significant reductions in emissions from our power plants. We are working to reduce them even further.

We believe generating electricity at nuclear power plants is another effective way we can help to improve the environment. In a nuclear reactor there is no combustion, so there are no by-products of combustion.

Therefore, we plan to build additional nuclear units. Two are scheduled for operation in 1976 and 1977 at the San Onofre Generating Station near San Clemente. Thereafter, the only major generating facilities Edison plans to build in Southern California's South Coast basin will be nuclear plants.

## Emission control.

Through recent developments and application of pollution control techniques, emissions from Edison's fossil-fuel plants have been substantially reduced, including a significant reduction in nitrogen oxides.

## Ocean studies.

Marine biologist checks sea life near the San Onofre Nuclear Plant to determine if sea water, used to cool plant condensers, affects the marine environment when the water is returned to the ocean. Nineteen surveys have revealed no adverse effects.

DIABETES ASSOCIATION  
of Southern California

FREE  
DIABETES  
SCREENING TESTS

## Free Diabetes Clinic

Mrs. James Walls, left, and Mrs. Dennis Gephart treat Pamela Walls, left, and Kristen Alexander in preparation for the free diabetes detection clinic to be sponsored by the Bonita PTA Council at Bonita High School. The clinic has been set on Sunday, Nov. 15, between 1 and 4 p.m., to accommodate families who wish to come in a body. Mrs. Gephart is president of the Bonita PTA Council, and Mrs. Walls is health and welfare chairman.

## Free Diabetes Clinic offered in this area

The Diabetes Association of Southern California is sponsoring Diabetes Detection and Education week beginning November 15.

Three free diabetes screening clinics will be held in the Pomona Valley on Sunday, Nov. 15, under the co-sponsorship of Bonita County PTA, the Montclair - Ontario Junior Woman's Club and the Pomona Chapter of the Diabetes Association of Southern California.

Clinics will be held at the Pomona Health Center, 750 South Park Ave., Bonita High School, 3102 D St., La Verne; and the Ontario Health Center, 6th and Mountain Ave., Ontario. Tests will be given from 1-4 p.m.

Those being tested should eat a full meal with a sweet dessert two hours before the test. They should not void from time of eating until time of test.

Testees that are found positive will be offered a follow-up blood sugar test donated by the Pathology Medical Group in Pomona and the Clinical Laboratory at San Antonio Hospital, Upland.

The 10 signs of diabetes are history of diabetes in the family, frequent urination, abnormal thirst, persistent hunger with undue loss of weight, fatigue and drowsiness, recurring boils and other infections, visual blurring and other disturbances of sight, persistent itching and sores slow to heal.

Anyone may have some of these signs occasionally, and not necessarily be diabetic. However, if any of these symptoms occur together and persist, a person should consult his doctor.

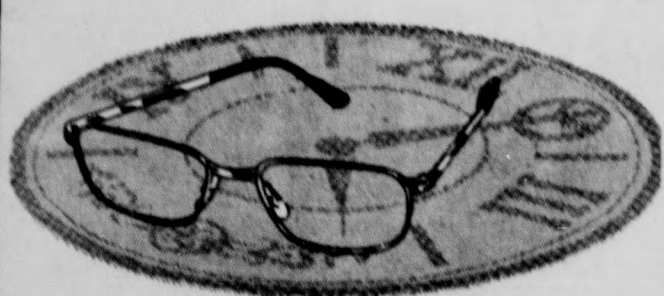

The public is invited to participate.

## DOES YOUR LIFE NEED NEW MEANING?

Maybe what you need is a new concept of what life is. It begins with the Bible, which tells us that God, Spirit, is the source and substance of life.

An understanding of the spiritual nature of life can bring freshness to your daily experience. It has brought healing to many people today.

Mrs. Florence C. Southwell, a teacher and practitioner of Christian Science, will tell how in a lecture titled "Awakening to Newness of Life."

You're invited to come.

## Richard Wallack

ETIWANDA - Airman Richard S. Wallack, son of Mr. and Mrs. Howard C. Wallack of Etiwanda, has graduated at Good-fellow AFB, Tex., from the technical training course for U.S. Air Force communications analysis specialists.

Airman Wallack, who was trained in USAF communications systems and analysis procedures, is being assigned to Kadena AB, Okinawa.

The airman, a 1967 graduate of Alta Loma High School, attended Chaffey College.

## Joseph Horner

UPLAND - An outstanding act of heroism resulted in the award of the Soldier's Medal in Vietnam recently, to Army Specialist Four Joseph D. Horner, 19, son of Mrs. Joanne Sittrill, of Upland.

He received the medal for voluntarily risking his life to save others. The medal is the nation's highest award for heroism in a non-combat situation.

A helicopter door gunner in Troop B, 2nd Squadron, 17th Cavalry of

the 101st Airborne Division (Airborne), the specialist completed his basic training at Ft. Ord, Calif., and was last stationed at Ft. Rucker, Ala. He also holds the Air Medal and the Purple Heart.

The specialist's father, Harold D. Horner, lives in Ontario.

## Michael Blazer

UPLAND - Navy Seaman Michael B. Blazer, whose wife Carol M. Blazer resides in Upland, is serving aboard the Navy's newest combat stores

ship San Jose at Long Beach Naval Base, Calif. The ship was commissioned on Oct. 23, 1970, during ceremonies which featured Congressman Charles S. Gubser, who represents California's Tenth District and San Jose, Calif., as the guest speaker.

At the conclusion of the ceremonies, Captain James H. Morris assumed command of the San Jose and her crew of 27 officers and 441 enlisted men.

## Steven Garrett

UPLAND - Private

First Class Steven R. Garrett, whose wife, Martha, lives in Upland, recently reenlisted for three years in the regular army while serving with the 14th Armored Cavalry Regiment, V Corps in Germany.

Private Garrett is assigned as a tank driver with Troop D of the regiment's 1st Squadron. He entered the army in August 1969 and was last stationed at Ft. Ord, Calif.

The 18-year-old soldier is a 1969 graduate of Ontario High School. His father, Wayne Garrett, lives in Victorville

and his mother, Aline Krayca, lives in Pomona.

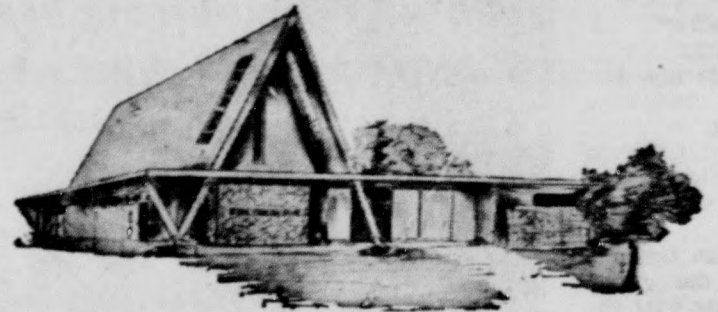

## James D. Holloway

UPLAND - Sergeant James D. Holloway, son of James L. Holloway, Upland, has received the U.S. Air Force Commendation Medal for meritorious service in Vietnam.

Sergeant Holloway distinguished himself as a munitions specialist at Bien Hoa Air Base. He was presented the medal at Eglin AFB, Fla., where he now serves with a unit of the Air Force Systems Command.

## Artists' works in local banks

UPLAND -- The Chaffey Community Art Association is sponsoring an exhibit of paintings in memory of the late Kathryn Arnett at the Bank of America, 4th and Mountain Ave., Ontario, through November and December.

Mrs. Arnett joined the Art Association shortly after it was organized in 1941 by the Francis Lines. She held various offices, serving as treasurer and editor of the news letter from 1955 to 1965.

Her paintings excel in color and freedom of technique, representative but not photographic. Trees, old buildings and people were the subjects which interested her most. Being an unusually gifted artist, her choice instructors from the Claremont Colleges and Chaffey College had developed her talent to a professional level. The exhibit includes a self portrait and a portrait of her husband.

Besides the exhibit at the Bank of America, three of her paintings are hanging in Judge Henry Busch's chambers at 6th and Mountain.

Other exhibits by Art Association members include a first time showing of Edrie Hughes' paintings at the First National Bank, 9th and 2nd Ave., Upland.

Dorothy Palmer's paintings are at the First National Bank, Foothill branch, At the E Street Branch, First National in Ontario, are oils by Rosa Di Bella.

Other Art Association members whose works are on display at present are Lois Pollack, Christie Bruce, Frances Ayres, Marjorie Plasmann, Patte Kruggel, Mildred Beck, Kay McGlohon, Joan Orrell, Gerry Bowman, Phyllis Newton, Myrtle Hubble, Helen Robinson, Nancy Gardner and Harriet White.

For membership in the Chaffey Art Association, phone Mrs. Stephen Kellogg, 982-9962.

## Counselors form club

UPLAND - Twenty-three of the Chaffey Union High School District's 32 counselors recently became charter members in establishing a local chapter of the California School Counselors' Association (CSCA).

Meeting at an Ontario restaurant the group voted to affiliate with the CSCA and its "parent" organization, California Personnel and Guidance Association.

The first official meeting of the new group will be Thursday, November 12, at which time reports will be made of counseling activities on the campuses of Alta Loma, Chaffey, Montclair, Ontario and Upland High Schools.

Committees will also be formed to work on a constitution for the new chapter as well as to plan a year's programs and to set up a membership drive.

Co-chairmen for the chapter meeting were Ray Rayburn, Montclair High School, and Bill Bayless, Ontario High School.

## Los Amigos Jr. Hi.

CUCAMONGA -- The Parent-Teacher Club of Los Amigos Junior High School will meet Thursday, Nov. 12, at 7:30 p.m. All parents are invited to attend.

Diane Baird

## Divided loyalties

### Chaffey lends majorette

ALTA LOMA-Alta Loma's solo majorette is Diane Baird, daughter of Mr. and Mrs. William H. Baird, 609 West J Street, Ontario.

Diane marches between the bannerettes and five other majorettes doing a routine she created.

Diane is enrolled jointly at Chaffey and Alta Loma for her classes. Her situation is peculiar in that she is also a song-leader at Chaffey.

It is rather humorous to find her at band practice on Fridays in her Chaffey songleading outfit. She is then teased at Chaffey for marching with the A.L. band. Diane's position is a little

hard, because she has to have equal loyalty to both schools.

She's a junior this year, and she's already had years of baton twirling experience. She began lessons when she was six with a group called the Anchorettes, going on to more group and private lessons. She has accumulated an entire wall of trophies, and her credits include a few state titles.

Diane is a member of the staff at the College of the Baton, which is a twirling camp at the University of Redlands. On Tuesday nights Diane manages to give baton lessons at Alta Loma.

## Pomona freeway financing

UPLAND - Financing has been approved by the State to extend the six-lane Pomona Freeway 5.3 miles easterly from Euclid Avenue to Milliken

Avenue at the Riverside-San Bernardino County line.

The \$2,100,000 project includes constructing interchanges at Grove Avenue, Vineyard Avenue,

Archibald Avenue and Milliken Avenue; a bridge across Cucamonga Creek and widening Milliken Avenue from two to four lanes between Riverside Avenue and Mission Blvd. The widening will be an interim improvement pending freeway construction.

Milliken Avenue will provide a connection between the end of the new freeway and the old high-

way until the freeway is extended easterly. Estimated cost, \$8,400,000 for all construction, will receive a budget of \$6,300,000 for the 1970-71 fiscal year.

The total revenue is gained from gasoline and diesel fuel taxes; motor vehicle fees; taxes on for-hire vehicles; interest on investments; interest on condemnation deposits; leases and outdoor advertising fees.

BY JANNLEE BROOKS

UPLAND - CUCAMONGA - ALTA LOMA - The assembly gathered at Chaffey College last Friday night came asking questions and seeking answers.

These were the residents who saw the fiery destruction of valuable watershed in the Eastern San Gabriel Mountains six weeks ago and whose memories recounted the area flooding two years prior to that.

Questions ranged from "what if we get as much rain as we did two years ago," to "how do I build a sandbag wall."

Panel members of the Mud and Flood Control Forum tried to answer those questions.

The forum was a joint effort sponsored by Chaffey College, the Alta Loma Improvement Association, Chaffey forestry students and the campus Ecology and Veterans Clubs.

Dr. T. Stanley Warburton, Superintendent and President of the Chaffey Community College District, served as moderator.

Blake Johnson, Field Representative for San Bernardino County Supervisor Daniel Mikesell, welcomed the crowd in the absence of Mikesell

who was called away on a personal matter.

The five-part forum got underway with the presentation of the "Cause and Nature of Threat," presented by Edward Richardson, U.S. Forest Service and Richard Hanum, California Division of Forestry.

Richardson recounted the Meyer watershed burn with figures representative of financial loss and watershed devastation.

Hannum told of the re-seeding process which was completed last week. Helicopters dropped eight pounds per acre of annual ryegrass on the burned areas at an estimated cost of \$65 thousand.

The expense of the seed drop was shared by both the California and U.S. Divisions of Forestry and the San Bernardino County Flood Control.

Hannum also mentioned that the County and State Fish and Game Departments were planting wild life forage for animals returning to the burned areas.

According to Hannum, "Literally thousands of people have volunteered their services in the re-seeding process." Those persons have been re-seeding, by hand, lowland drainage areas.

Arthur Sidler, San Bernardino County Flood

Control Engineer and Martin Nicholas, San Bernardino County Engineer, spoke on "What San Bernardino County is Doing."

Sidler said that the \$90 million Cucamonga Channel Project has received authorization and is now in the engineering process.

He noted that the cement-lined channel would be the ultimate solution to possible flooding, "but not to look to that solution this winter or possibly five winters from now."

He said that the county was "at work with men and equipment trying to better the situation."

In a County release given to the Upland News and Cucamonga Times during the meeting, it was stated that both County Flood Control District and Army Corps of Engineers personnel have moved into area of the Meyer watershed burn and are now carrying on emergency measures.

Flood Control District crews are spread throughout the area from Cucamonga Creek on the west to San Seavine Creek on the east, undertaking channel clearance and other precautionary measures.

At the request of the San Bernardino County Board of Supervisors, the

assistance of the Army Corps of Engineers has been obtained and their construction contract forces have been moved into the San Antonio Heights area above Upland and into the Deer Creek area above Chaffey College.

At these locations, heavy equipment, including bulldozers and trucks are presently involved in debris basin excavation and levee construction to augment existing facilities against the aggravated discharges from the burned watershed.

Nicholas said that a study has been completed on the overflow areas. He noted that 30 to 40 thousand sandbags will be placed in strategic positions adjacent to the overflow areas.

During rainfall periods constant surveillance will be kept over the troubled areas and heavy equipment will be ready to move in as soon as overflow becomes uncontrollable.

Marlin L. Dickey, Chaffey College geologist, spoke on "Mud-Flood, the Sequel of Fire."

He explained that the Upland - Cucamonga - Alta Loma areas lie in an alluvial fan and hence the mud-flood problem.

The formation of an alluvial fan comes when

a stream issues forth on to the lowland from a mountain gorge or gully.

The stream flows onto the lowland, but eventually becomes obstructed and seeks a new course. Over hundreds of years the pattern is repeated thus forming gullies and streams which fan out over the lowland. The Cucamonga Wash is one of these gullies.

The "Community Preparation" segment of the forum was explained by Donald Henley, San Bernardino County Coordinator of Civil Defense.

He depicted, by use of graphs, the channeling of emergency calls into the County Civil Defense Headquarters and down to the various local agencies.

Eugene Billings, Chief, Alta Loma Fire District and president of the Alta Loma Improvement Association spoke on "Community Organization."

He noted that both the Alta Loma and Cucamonga Fire Districts will receive 2,000 sandbags each to be dispersed to community residents on request.

"That doesn't mean if you come seeking sandbags you'll receive them," he commented. The sandbags will be given to those residents who are likely to receive mud-flood

damage, which will be determined on inspection by either fire district.

He said that during the Meyer watershed burn numerous residents called the local fire department seeking information and often times the department was unable to place emergency outgoing calls. He asked that in case of a similar situation would residents hold their calls to the fire department.

He also commented that he and Chief Arvid Lewis of the Cucamonga Fire District have, on a joint basis, a Civil Defense Unit headed up by Charles Watson.

The local CD Unit is situated in the Alta Loma Fire Station. The formation of the unit came about following the 1969 floods.

He asked that area residents with any questions pertaining to fire protection or civil defense contact him or Chief Lewis at any time.

The forum was concluded with a question and answer period. Due to the late hour of adjournment, several questions were left unanswered. County officials will correlate those questions and answers will be published in the Cucamonga Times and Upland News.

## Flood disaster defense

## Face the facts

Arthur Sidler, flood control engineer; Blake Johnson field representative for Supervisor Daniel D. Mikesell, and Martin Nicholas, county engineer, were on hand to answer questions Nov. 6 at the Flood Forum at Chaffey College in Alta Loma.

Did you know that engineers and contractors purchase the standard drawings available in the Engineering Department in order to be able to design and construct rights of way according to City of Upland standards?

#### NOTICE INVITING BIDS FOR \$480,000.00 BONDS OF ALTA LOMA SCHOOL DISTRICT OF SAN BERNARDINO COUNTY, CALIFORNIA

NOTICE IS HEREBY GIVEN that sealed proposals for the purchase of \$480,000.00 principal amount of bonds of Alta Loma School District of San Bernardino County, California, will be received by the Board of Supervisors at the Office of the Clerk of said Board in his office in the County Civic Building, 175 West Fifth Street, San Bernardino, California, up to the hour of 11:00 o'clock a.m. on November 30, 1970.

Said bonds will be dated December 1, 1970, and will bear interest at a rate not to exceed 7% per annum to be determined upon the sale of said bonds. Said interest shall be payable annually for the first year after the date of said bonds and semiannually thereafter. Said bonds and the interest thereon are payable in lawful money of the United States of America at the office of the Treasurer-Tax Collector of said County. Said bonds will be designated "Election 1970, Series 1".

Said bonds will be 96 in number, of the denomination of \$5,000.00 each, and will be numbered 1 to 96, inclusive, and payable as follows:

Principal Amount	Maturity Date
\$15,000.00	December 1, 1972
15,000.00	December 1, 1973
15,000.00	December 1, 1974
15,000.00	December 1, 1975
40,000.00	December 1, 1976
25,000.00	December 1, 1977
55,000.00	December 1, 1978
65,000.00	December 1, 1979
65,000.00	December 1, 1980
65,000.00	December 1, 1981
65,000.00	December 1, 1982
40,000.00	December 1, 1983

Said bonds will be sold for cash only and for not less than par and accrued interest to the date of delivery. Each bid must state that the bidder offers par and accrued interest to the date of delivery, and state separately the premium, if any, offered for said bonds, and the rate of interest, not exceeding 7% per annum, said bonds shall bear, which rate shall be a multiple of one-quarter of one percent. Bids will be compared on the basis of net interest cost, which shall be determined by computing the total amount of interest which the district would be required to pay from the date of the bonds to the respective maturity dates thereof at the rate specified in the bid and by deducting therefrom any premium bid.

Each bid shall be for the entire amount of said bonds and at a single rate of interest.

At least one of the signatures on said bonds will be manually affixed.

At any time before the bonds are tendered for delivery, the successful bidder may disaffirm and withdraw the proposal if the interest received by private holders from bonds of the same type and character shall be declared to be taxable income under present federal income tax laws, either by a ruling of the Bureau of Internal Revenue or by a decision of any federal court, or shall be declared taxable or be required to be taken into account in computing any federal income taxes by the terms of any federal income tax law enacted subsequent to the date of this notice.

The opinion of O'Melveny & Myers, Los Angeles, California, approving the validity of said bonds, will be furnished the successful bidder without cost to the bidder. At the time of payment for and delivery of said bonds, the successful bidder will be furnished with a certificate that there is no litigation pending affecting the validity of the bonds. A copy of said opinion certified by the County Treasurer-Tax Collector by his facsimile signature will be printed on the back of each bond at the expense of the successful bidder if requested in his bid.

A certified or cashier's check for a sum not less than four percent (4%) of the par value of said bonds, payable to the order of the Treasurer-Tax Collector of San Bernardino County must accompany each bid as a guaranty that the bidder, if successful, will accept and pay for said bonds in accordance with the terms of his bid. The proceeds of the check accompanying the accepted bid shall be applied on the purchase price, or, if such bid is accepted but not performed, shall be retained by the County Treasurer-Tax Collector for the benefit of the district, unless such failure of performance is caused by any act or omission of said county, said district, or an officer of either of them. Checks accompanying unaccepted bids will be returned promptly.

Said bonds will be delivered at the office of the County Treasurer-Tax Collector of said County.

The Board of Supervisors reserves the right to reject any and all bids or to waive any irregularity or informality in any bid.

The assessed value of the taxable property within said district as shown on the equalized assessment roll for 1970-1971 is \$16,452,296.00, and the total amount of bonds of said district previously issued and now outstanding is \$340,000.00.

By order of the Board of Supervisors of San Bernardino County, California, adopted October 26, 1970.

NOTE: Underscored words denote material to be added. Strikethrough denotes material to be deleted.

SECTION 1.  
SECTION 1110.39-g - Same. Uses Permitted (R-3-3600 Zone)

Section 1110.39-g - is amended by the addition of a new sub-section "D" to read as follows:

D. Uses Requiring Conditional Use Permit: The following uses may be permitted subject to the issuance of a Conditional Use Permit in accordance with the procedures set forth in Section 1110.112: (1) Mobilehome Parks.

SECTION 2.  
SECTION 1110.39.1 - Same. Property Development Standards (R-3-3600 zone)

Section 1110.39.1-G-1. Distance Between Buildings is amended to read as follows:

1.-The distance between any two buildings on the same lot shall be established as a distance equal to the combined height of the two buildings. In determining the height of any building, the provisions described in Sub-Section 1110.39.1-D-2, "Side and Rear Yards," shall apply.

G. Distance Between Buildings.  
1. The minimum distance between any two exterior walls of buildings on the same lot shall be established as follows:

CASE I - Both buildings are 1-story.  
= 16' (measured at ground level grade)

CASE II - One building is 1-story and the second building is 2-stories with first and second story walls in alignment.  
= 25' (measured at ground level grade)

CASE III - One building is 1-story and the second building is 2-stories with the second story walls set back a minimum of 8' from the alignment of the first story walls.  
= 16' (measured at ground level grade)

CASE IV - Both buildings are 2-stories and both have first and second story walls aligned within 8 ft.  
= 34' (measured at ground level grade)

CASE V - Both buildings are 2-stories and both have second story walls set back a minimum of 8' from the alignment of their first story walls.  
= 16' (measured at ground level grade)

SECTION 3.  
SECTION 1110.48-d - Same. Property Development Standards (A - P Zone)

Section 1110.48-d-D. Minimum Yard Requirements: is amended to read as follows:

(1) Front Yard: The requirements of the 1110.48-d-D-1 shall apply.

(2) Side Yard: The requirements of the 1110.48-d-D-2 shall apply.

(3) Rear Yard: The requirements of the 1110.48-d-D-3 shall apply.

SECTION 4.  
SECTION 1110.48-d-D-1. Front Yard: The requirements of the 1110.48-d-D-1 shall apply.

### LEGALS

#### D. Minimum Yard Requirements: Each lot shall have the following yard dimensions:

1. Front - Twenty-five (25) feet.

2. Side and Rear - No portion of any roofed building or structure, regardless of occupancy, shall be located closer to any side or rear property line than a distance equal to a dimension that shall be measured from the highest point of a finished grade, along the perimeter of the building, to the uppermost top plate of the building.

3. Provided further, that eaves, rakes, balconies, and other overhanging structure, that is clear of the ground by not less than eight feet, may project into a required front, side or rear yard a dimension not to exceed thirty-six (36) inches.

4. For Corner lots, the requirements in Section 1110.48-D-1-b-(7) shall apply.

5. For Reversed Corner lots, the required side yard on the street side shall be the same as the required front yard.

SECTION 4.  
SECTION 1110.50 - Same. Uses Permitted (C-P Zone)

Section 1110.50-B. Non-Residential Uses: (1st paragraph) is amended to read as follows:

B. Non-Residential Uses:  
Non-residential uses permitted in this District may be located in an existing residential structure remodeled for said uses, provided, however, that all changes in front exterior appearance shall be subject to Architectural Commission review and approval. Residential buildings may be used for existing purposes, but may not be used or converted to more intensive residential uses. Non-residential uses permitted in this District shall, in all other instances, be located in entirely new buildings, designed and constructed for said uses and only after all existing residential structures have been removed from the premises.

SECTION 5.  
SECTION 1110.93 - Same. Uses Permitted ("O" Zone)

Section 1110.93-D-(8) is amended to read as follows: (8) A plant shall not be operated on any property except between the hours of 6:00 A.M. and 10:00 P.M., except in case of a public emergency, or whenever any reasonable or necessary repairs to equipment are required to be made. The provisions of paragraph (8) of this Sub-section shall also apply to this paragraph.

(8) Rock Crushing Plants, Batching Plants for Portland Cement and Hot-Mix Plants and their related activities of stockpiling, the loading of trucks by the use of conveyor belts or any other mechanical means, or otherwise, or the use of any other apparatus related to the plant shall not be operated on any property except between the hours of 7:00 A.M. and 6:00 P.M., except in case of a public emergency, or whenever any reasonable or necessary repairs to equipment are required to be made. The provisions of paragraph (1) of this Sub-section shall also apply to this paragraph.

SECTION 6.  
SECTION 1110.109-G - Minimum Distance Between Buildings and Minimum Width of Inner and Outer Courts (R-3 zone)

Section 1110.109-G-(2)-(a) is amended to read as follows:

(a) The distance between any two buildings on the same lot shall be established as a distance equal to the combined height of the two buildings. In determining the height of any building, the provisions described in Section 1110.39.1-D-2, "Side and Rear Yards," shall apply.

(2) The Architectural Commission, by conditions established at the time of review of the required site plan, shall specify the location and number of means of ingress and egress to commercial and industrial facilities.

This public hearing will be conducted pursuant to the provisions of Chapter 1 - Zoning Regulations, Article IX of the Upland Municipal Code and Sections 65500-65600 of the Government Code of the State of California.

## GS dedication

An 8-foot mural and a glass tile mosaic, created and developed at the Johnstone Scout House by Senior Girl Scouts, was officially dedicated to the Spanish Trails Girl Scout Council, with Mrs. Joseph O. Axline, Council Presi-

dent, accepting the creations.

The design of the mural and the mosaic was conceived and executed by 10 Senior Scouts during the Mural, Mosaic, and Michelangelo summer camp. The mural covers an 8-foot wall within the Johnstone Scout House and is

a scene depicting California Heritage and was created with acrylic paints.

The mosaic is developed of Venetian glass tiles and depicts a "Burst of Nature" with the hand-carved wooden panel showing the name, "Spanish Trails Girl Scout

Council."

The Senior Scouts worked in two groups of five and in this fashion chose the media they preferred. In addition to working on a community service project for the Council, the girls felt it was a "discovery process," because they had never worked in this media before.

Senior Scouts working on the mosaic and the mural were: Kyle Ann Kimbel, Troop 1011; Mary Beth Howerly, Patty Carreon, Debbie Coito and Paula Burthe, Troop No. 768; Kathy Madding and Cindy Scott, Troop No. 1080; Martha Lewis, Troop No. 147; Margie Bzovy, Troop No. 666; and Pam Bales, Troop No. 1078. Adults directing the project were: Mural -- Mrs. Chester Canforth, West Covina; Mosaic -- Mrs. Michael Leaks, Mr. and Mrs. Jerry Willets donated the mural frame; Les Walter, Pico Rivera, donated and installed the mosaic lighting; Mat Manolovitz, Azusa, executed the raised name panel of natural pine wood; and Miss Kati Whitaker was the staff adviser.

The Bonita Neighborhood was in charge of the refreshments with Mrs. Carson Hawk of San Dimas making the arrangements. A cake decorated for the occasion was created by Mrs. Oscar Carreon of West Covina.

## Crash kills two

Two unidentified persons were killed Sunday when a vintage Fairchild 22 crashed and burned in San Antonio Wash northeast of the intersection of Mt. Baldy Road and Padua Avenue in Claremont. The wood and fabric plane, a model discontinued in the early 1940's, started a 10-acre fire requiring five county engine companies, a borate bomber and several camp crews to quell. The crash occurred during the two-day air show featuring the founding of Cable Airport but the plane was not part of the show, according to officials.

## GS birthday

Monte Vista School vibrated with song on Saturday, Nov. 7, when Brownies, Juniors, Cadettes and Seniors from Montclair Neighborhood gathered to celebrate Girl

Scout founder Juliette Lowe's birthday.

The Birthday Songfest served also as a means to acquaint new Scouts and leaders with Girl Scout songs frequently sung around campfires and during meetings.

The afternoon of song was arranged as a "wide game" with Seniors and Cadettes teaching the newer members of the Scouting organization. A wide game is a Girl Scout skills learning session which covers a large area and lasts longer than other games. Besides the many types of song, several dances were also taught.

Mrs. Lee Aller served as general chairman for the event which culminated with the serving of cake and punch provided by each troop.

## Soil Is Removed

## CARPETS RENEWED BY DEEP STEAM CLEANING

Since May of 1964 Deep Steam Carpet Cleaners has been using a new method of cleaning wall-to-wall carpet, which they call "Deep Steam Carpet cleaning." This method has been used in hundreds of homes, with as many satisfied customers.

I recently watched Deep Steam Carpet Cleaners clean wall-to-wall carpet in a Covina home, using this Deep Steam Carpet Cleaning method. I could hardly believe my eyes as I saw the dirty brownish colored carpet transformed into clean light beige carpet. It was almost like painting with a large paint brush, only instead of paint it left cleanliness. Wherever the machine was moved it left that trail of clean light beige, and when every square inch of carpet had been cleaned, the entire room had a different appearance, and a clean, fresh smell. After the men had removed the equipment from the room, they asked me to feel the carpet with my hand. It didn't seem possible, but that carpet was almost dry!

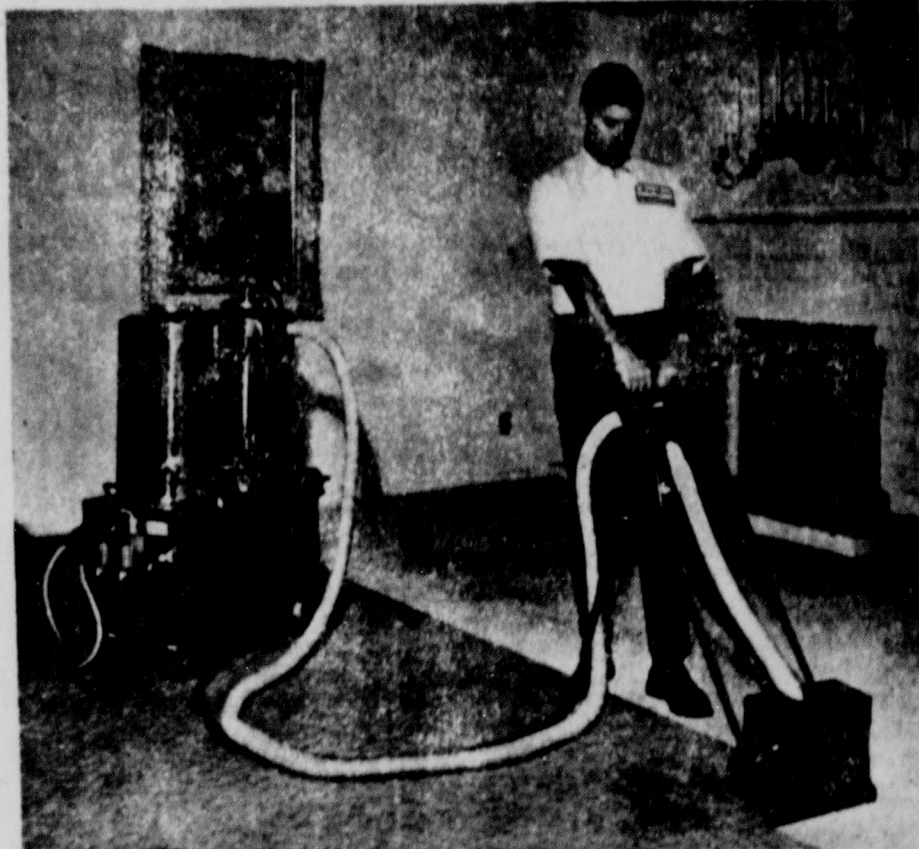

I asked Mr. Jack Davis to explain how this equipment works, not knowing that because of his enthusiasm, it would involve about half an hour of explanation. Here are just a few of the things he told me—first carpeting is a fabric, and when you walk on a fabric, whether it is a bed sheet or a carpet, it is going to get soiled. Secondly, it is the static electricity in all fabrics which holds the soil in the fabric, making the soil more difficult to remove. It is known that wet heat will break down this static electricity and release its holding action on the dirt. A good example of this is to notice the difference in cleanliness when an article of clothing is washed in hot water, as compared with washing it in cold water. For this reason steam is applied along with a cleaning solution to loosen the soil. Almost immediately the moisture from the steam, the cleaning solution and the dirt and grime are vacuumed into a container by a powerful machine that has ten times more suction than an ordinary household vacuum cleaner. It takes only a few seconds for the static electricity to regain its hold on the dirt, and this is why the extraction must be done immediately after application of the steam and cleaning agent.

The advantages of the deep steam cleaning process, as compared to the scrubbing or shampoo method, is that the dirt is actually removed, both from the pile of the carpet and the carpet backing. Because there is no scrubbing action, the fibers are not broken and the carpet does not have that "washed" look. If dirt and grit are left in a carpet, it will produce a grinding, cutting action on the fibers that will wear out the carpet much sooner than it should wear. The Deep Steam Cleaning method can actually double the life of a carpet, if used regularly, because the grinding agents are completely removed. In fact, all soil and dirt, other than actual dyes, can be extracted. Some other advantages of the extraction process are that the powerful suction not only removes the moisture immediately, thus helping to reduce shrinkage, but it also lifts matted pile to a "like new" appearance. I asked Jack if there is a limitation on the size of carpet he can clean. He said that he has used this process on jobs ranging from just one average size room to jobs of several thousand square feet.

Any questions you may have concerning this carpet cleaning method, or any other type of carpet work, can be answered by calling Deep Steam Carpet Cleaners at 622-4214 or 963-5216. They will be happy to make an appointment for you to get a free estimate. Many people have been pleasantly surprised at the reasonable cost of this new Deep Steam Carpet cleaning method.

JACK DAVIS

SOILED CARPET BEGINS TO LOOK NEW AGAIN

Deep Steam Carpet Cleaners is steam cleaning a carpet in a home located in Pomona. This equipment first loosens soil with steam and a cleaning solution and then removes it from the carpet with a powerful suction.

## Jack Davis' career began at age 13

We have often wondered how calf. He soon began earning certain business people began money though, and from that time on he supported himself. Jack became more and more intrigued with this new method of cleaning and extracting soil from wall-to-wall carpet, and whenever an opportunity arose to watch these machines in operation, he would do it.

After moving to California Jack decided to study for the ministry and he entered the L.I.F.E. Bible College in Los Angeles, but before his courses could be completed financial problems arose and he had to terminate his education to find employment.

The next ten years were successful years for Jack, but there was certainly no indication that he would eventually enter into the carpet cleaning business. His first job was with Douglas Aircraft in Santa Monica where he worked as a micro film technician for five years. He also managed to complete his general education at Santa Monica Jr. College during this period. He then became a fireman with the Santa Barbara Fire Department for three and a half years, followed by two years in the construction business, building apartment houses in Santa Barbara.

Although his construction business was exceptionally successful . . . Jack was not satisfied. It just was not the type of work he wanted to continue with for the rest of his life, so when he began to think about the potential of business there must be for this new method of carpet cleaning, he decided to do something about it. First, he had to complete jobs that were under construction in his building business before he could start his training course with Star Rug.

Since that time, Jack is now operating his second successful franchise in the Pomona and Ontario areas.

When anyone calls (622-4214 or 963-5216) the pleasant voice of the person who answers will probably belong to Linda Davis, Jack's wife. She can answer any question about the business that you might have, and can make appointments to give you a cost estimate.

It was during his construction period that Jack met Arlen Knight, who owns the Star Rug estimate.

## Two qualify as merit semifinalists

By JOSHUA WARREN

Two Alta Loma High School students have been told that they are semifinalists for the Merit Scholarship Foundation. They are Brigid K. Cassidy, daughter of Mr. and Mrs. H. J. Cassidy 8409 Via Ladera, Cucamonga, and Stephen E. Hansen, son of Mr. and Mrs. Bill K. Hansen of 8651 Orange Street, Alta Loma.

The principal function of the National Merit Qualifying Test is to identify students of exceptional intellectual attainment. Alta Loma's semifinalists are two of some 14,750 other semifinalists, appointed from all across the country. They will compete for two of the 3,000 Merit Scholarships to be awarded in 1971.

## Business briefs

Lawrence Wolff

## Wolff promoted

UPLAND -- Lawrence R. Wolff of Upland has been appointed superintendent of oxygen steel production at Kaiser Steel Corporation's Fontana plant.

Wolff joined Kaiser Steel in 1950 as a metallurgical assistant and progressed to product metallurgist, observer foreman and supervisor, laboratory and services.

In 1957 he became a melter foreman, oxygen steel production, and soon after, general foreman. Wolff was named assistant superintendent, oxygen steel production in 1965, the position he held to his present appointment.

A graduate of the Colorado School of Mines, Wolff holds a B.S. degree in metallurgical engineering. He is a registered metallurgical engineer in the State of California and is a member of the American Institute of Mining, Metallurgical and Petroleum Engineers and of the American Society of Iron and Steel Engineers.

He resides at 1378 Shelley, Upland with his wife, Leona, and two children, Larry who is 20 and Michaelle, 14.

## MWD plans meeting

The Metropolitan Water District's billion-dollar construction program to build the works needed to distribute water from Northern California will be described to residents of the Fountains Mobile Home Park, 3530 N. Damien, La Verne, on Saturday, Nov. 14, at 6:30 p.m.

Marvin E. Stephens, MWD public relations representative, will outline the program.

MWD, the largest of

some 30 contractors for water to be made available from the State Water Project, will ultimately receive nearly two billion gallons of water a day.

The works now under construction by the District consist of more than 300 miles of tunnels and pipelines, additional treatment plants, pressure control structures and other related facilities.

## Scouting around

### Old Baldy Council

Cub Scout Leaders of the Old Baldy Council, B.S.A., will meet for their annual training Pow Wow on Saturday, Nov. 21 at Imperial Jr. High School, Chairman of the Pow Wow is Herndon O'Connell of Fontana, who will be assisted by Herb Hurst. Cubmasters, assistants and den leaders from all communities in the Old Baldy Council are invited to attend. A registration fee of \$1.75 will be charged which pays for lunch and materials.

# REDUCING FOR MEN NOW AT PAT WALKERS!

YOU'RE INVITED... to the GRAND OPENING of PAT WALKER'S REDUCING FOR MEN. Now for the first time, a reducing program that is especially for MEN. Reduce while releasing tensions, increasing vitality, improving health, and firming and toning the body. Enjoy a reducing program that is effortless and relaxing... given without disrobing and in complete privacy. Not a gym. call the salon nearest you (listed below) to make an appointment for a complimentary treatment. Collect calls invited.

## I'M REDUCING THE EASY WAY... WITH PAT WALKER, says Ed Riggle

"I SIMPLY COULDN'T BELIEVE HOW GREAT THE PAT WALKER REDUCING PROGRAM WAS UNTIL I HAD MY FIRST TREATMENT", says Ed Riggle of Orange.

My wife reduced with Pat Walker, and she looks like a young girl again. You would never believe she is old enough to be a grandmother. I'm so proud of her... especially since I encouraged her to go to Pat Walker's in the first place. I know what the Pat Walker Reducing Method can do — and naturally, when Evelyn came home and told me that Pat Walker was now taking men in the salons, I was one of the very first in my area to go down for a complimentary treatment.

I simply couldn't believe how great I felt after my first treatment at the salon in Orange. My wife had often raved about how good she felt and I know that she lost 23 pounds and 43 inches, but I never had the opportunity to personally experience the results of the Pat Walker program, and the tremendous lift the treatments give you.

It was rather late in the evening when I went in and I was pretty beat after a long, hard day. Tired, under pressure all day long, I just dragged into the salon. After a very short time on the Pat Walker unit, I could feel all the tenseness draining out of me and I relaxed so completely that I actually dozed off for a few minutes. My wife had done some shopping in the shopping center while I was having my treatment and when I met her afterwards, I could hardly contain myself. I felt like a new man... full of energy raring to go. I grabbed Evelyn by the arm and said, "Come on honey, let's have something to eat and go to a movie". All she said was "Well your Pat Walker treatment seems to have made a new man out of you. I knew it would". She was right—but I could hardly believe it myself... I felt so GREAT!

Although I'm not what you would call fat, I have a slight paunch and I know that if I don't do something about it now, I will be fat. I know I'll lose that paunch with my Pat

Ed Riggle of Orange is a firm believer in the Pat Walker Reducing Method, because he watched his wife lose 23 pounds and 43 inches with her own Pat Walker personalized reducing program.

Evelyn Riggle reduced with Pat Walker, and went from a bulging size 16 to a slender size 7. She is so proud that her husband Ed is now enjoying the same fantastic reducing method which took her from a 148 pounds to 125 pounds in a very short time.

Walker program, just as my wife lost where she needed to lose with her personalized Pat Walker program.

I can't stress enough the simply fantastic way the Pat Walker treatments revive the sluggishness you feel at the end of the day. I noticed that in addition to releasing my tensions which had built up during the day, I actually felt myself walking springier, just generally feeling increased vitality.

Another thing that appeals to me is that I don't have to get into a sweat suit or start jogging or go to some gym and play handball or do strenuous exercises. When I come home from work in the evening, I just don't want to get into a sweat suit and work out or into a swimsuit and swim around a pool for a few hours. I've had all the work I want for one day. My idea of a real reducing program is the Pat Walker program. Here I don't need to change again... I can go right from work or not, as I please. On my mornings off, I can go during the morning or sometimes on my way to work if I so desire.

I think that the privacy of the Pat Walker program is one that was especially important to me. I don't have to listen to a lot of confusion and yelling like in a gym... nor do I have to be surrounded by a lot of perspiring bodies scuffing around. After a long hard day, I enjoy the peace and quiet of a truly comfortable, relaxing, effortless reducing program. Thank you, Pat Walker!

by Evelyn Riggle

I had tried so many ways to reduce... pills, gyms and other methods. When I read an advertisement of Pat Walker's, I was convinced that the Pat Walker method was the solution to my overweight problem. With my personalized Pat Walker program, I lost 5 1/2 inches from my abdomen; 5 inches from my hips and more than 23 pounds, with an overall inch loss of 43 inches. Not only do I look better but I feel like a more vital person. The results have been great, and I certainly wish to thank everyone at Pat Walker's for being so friendly and helpful. It is so important to my family and to me to keep up with today's fashion trends, but most of all, to keep in shape. With my new Pat Walker figure, I can wear the petite sizes, which most of the fashionable clothes are made in today.

With my new Pat Walker figure, my husband says I look younger than my daughters. He may be exaggerating a bit, but I love every word of it. I think his appreciation for the way I look now is wonderful and I'm really enjoying the compliments and attention. I feel delightfully alive and young again and am enjoying life to its fullest. Even though I have completed my reducing program, I still enjoy going in for treatments — they are so invigorating.

## Men Asked For Effortless Reducing

By Ron Russell, on the staff of a Southern California newspaper.

Ever chase a whirlwind? Try to catch up with a tycoon? Telephone Houston, Hawaii and Australia all in a few days hoping to get an interview with a prominent reducing authority?

I finally caught up with the "whirlwind", Miss Pat Walker, the subject of my quest, to confirm the rumor of her opening a reducing salon for MEN, after catering only to women for so many years.

I was unprepared for the dignity and warmth of this busy young executive, hailed as "the world's leading reducing authority." I had done my research well and knew she had begun with a single salon in Long Beach twenty years ago and expanded her business to include salons in major cities in the United States and Australia. I asked,

"Miss Walker, what is this I hear about a whole new phase of your business, reducing for MEN?"

With a sparkle in her eye and excitement in her voice, she answered, "Yes, at last we are offering our program for MEN. As you know, for twenty years we have reduced women from all walks of life, all nationalities, all ages. During this time we have had thousands of requests by the women we have reduced, whose husbands, friends and neighbors have also needed to reduce. We had so many calls and letters from men wherever we had salons; men who have pleaded with us to come in after hours, or on Sundays to reduce. We didn't like refusing them, but we had to. I am so happy that now we can give men the same successful reducing program which has reduced more than 5 million women internationally!

For the first time, with our method, a man can reduce while relaxing. Our treatments release their tensions, stimulate circulation and generally increase vitality, while getting rid of unwanted inches and weight wherever it is needed. Men today," she continued, "are finding less and

PAT WALKER, INTERNATIONAL REDUCING AUTHORITY ANNOUNCES NEW REDUCING PROGRAM FOR MEN

less time or inclination to take long walks, go to the club for a game of handball, or get into a steam room. And... they simply don't have the energy for such strenuous exercising.

You know, it really is the only modern approach to reducing for today's busy men, whose lives are filled with one activity after the other. It's the only reducing program of its kind in the world which is effective, yet relaxing."

"What ages of men will be taking the Pat Walker reducing program?"

"Oh, men of all ages—retired men, who have had very little activity or done no work of late — men in business, working men... men from all walks of life and in all professions. We have been receiving calls from men of all ages.

"Are men as weight conscious as women?" I asked.

"They most certainly are. A man wants to look his best. Companies today want men representing them who make a good appearance, who are not a health risk because of overweight and look like they can stand the pace.

"Are you still reducing women Miss Walker?" I asked.

Definitely. We most certainly are. Our reducing program for men has not curtailed our women's program. As a matter of fact, more women are reducing with us at this time of year than any other, because with the coming holidays, it is more important than ever to look trim in the new holiday fashions.

# Bonita downs Upland, 29-15

## Highlander push

Upland's halfback Rocky Chapman carries the ball in a Highland splurge in Friday night's game, while Bonita guard Craig Haren moves in for the tackle. Bonita won game, 29-15.

LA VERNE - It was billed as the "biggest game in the area" and perhaps rightly so. The final results, 29-15, dimmed the Upland Highlanders' chances of getting into the CIF playoffs, and the Bearcats took a giant step in that direction. Bonita was not the overwhelming choice of the prognosticators who possibly smelled an upset in the offing.

An estimated 8,000 fans attended. The echoing question of "What happened to Bonita's defense?" seemed to have been answered. Nothing! Their defense is as much a part of their team as their incendiary offense. They do what they

have to do, when the need arises. Upland has proven that they were no flash-in-the-pan, as they have exhibited a stingy defense all season plus displaying a better than average offense. Their only loss coming at the hands of the CIF third ranked, and extremely tough Glendora Tartans, Upland need not despair at their loss, because Bonita is ranked number 4 in California and number 29 in the nation in their category. It is hoped that perhaps two SAL teams may be represented in the playoffs, and the Highlanders deserve that chance. They have faced and defeated the rugged Pomona Red

Devils, who will be the last SAL team to get a shot at Allen Carter and his Bearcat company. Quarterback Ray Anderson, improving weekly from an already very respected stature, played an outstanding game. Most games are directed from the bench, and Bonita is no exception, but getting orders and carrying them out, are two different things, and Anderson does this remarkably well. Big Fritz Sahl played his finest game and drew raves from every quarter including Upland coach Pat Bandy, and several Scots. The defensive stars for the Bearcats are too numerous to mention but are entitled to every single

compliment they received. The Bearcats commended the Highlanders for their valiant struggle, and some expressed the hope that if Upland does finish second, they get a play-off bid. Bonita, however, has a rugged task directly in their path and had better let the playoffs be the farthest thing from their minds until after tomorrow night. Upland got on the board first when Neal Jones ran from the 3. Bonita retaliated when Anderson kept from the 8. Old number 20 Allen Carter put his Bearcats ahead to stay, when he bored over from the 3. In the second half Anderson hit lanky Dave Shamblin on a 29 yard

aerial to make it 21-7. But with the 4th quarter barely underway Upland's stellar QB Neal Boring handed off to Grant Cooper and Upland was right back in the game 21-15, with lots of time. Carter put the scoring to rest 7 minutes later on a brilliant 22 yard sprint and the final 29-15 score was registered. The Bearcats' Sergio Leal made his kicking debut with impressive results. Carter inked his name in CIF annals with the following: 1 - Jumped past 4 players including Jim McAllister in total career TD's with 65, second only to Mickey Cureton. 2 - Brought his total career

rushing yards to 3988 to move into 5th place just 17 yards behind Randy Tyler of Neff who is number 4. McAllister of Blair is second to Mickey Cureton with 4380 and Allen should overtake him in his first CIF playoff game, if Bonita makes it. But, friends and neighbors, there is a rough, tough team called the Pomona Red Devils, who have shut out their last 3 opponents and have the same thing in mind for Larry Zeno and his Bearcats. Get to the stadium early and be prepared. Rumor has it that there may be pre-game tickets on sale. Call the High School if not announced by this time.

## Damien tops Stags whip Atascadero Leos

LA VERNE-In a down-pour Friday night, Damien High School knocked down host Atascadero, 40-6, in a non-league game.

Touchdowns were scored by Joe Baumgaertner (2), Pete Alexander, Dennis Rice, Jim Griffin and Dave Gaston.

Quarterback Kevin Carroll topped the 1,000-yard passing mark by completing nine of 15 for 202.

Tight end Ken Nance tied the Spartans' record for receptions, catching three passes to give him 19.

LA VERNE-La Verne College suffered a 19-2 defeat from Claremont-Mudd Saturday at Claremont.

A strong Stag defense made the difference, with La Verne's only score coming when center Don Hildre hiked the ball over punter Bob Hayes' head past the end zone for an automatic safety.

The Leos had only six rushing yards, with 120 in the air, and completed only 12 of 35 passes.

La Verne (4-3) will host Redlands at its Homecoming game Saturday.

## Local drivers compete

Tony Simon of Upland and Danny McKnight of Glendora, two of the top young drivers in West Coast midget ranks, have filed their entries for the United States Racing Club 100-mile race at San Gabriel Valley Speedway on Nov. 28.

Simon, winner of six USRC main events this season and currently number three man in points, will pilot the Jim Gary Offenhauser, McKnight, holder of four USRC qualifying records, winner of two main events and second place finisher in eight others, will drive the rapid Bob McKnight Chevy II. Danny ranks as number two man in points behind Lowell Sachs of San Diego.

Time trials get under way at 5 p.m. on Friday night, Nov. 27, with the first race scheduled for 8. Thirty-three starters in three abreast fashion will take the green in the 100 mile which starts promptly at 8 p.m. on Saturday night, Nov. 28.

## Tobias to perform at Starlite Series

MONTCLAIR -- Cellist Paul Tobias, who has gained an international reputation not only for his technique but for a markedly individual style, will perform the virtuoso "Cello Concerto in D Major" by Joseph Haydn with the Claremont Civic Symphony on the opening concert of the 1970-71 Montclair Starlite Series. The concert, the first of five admission-free musical events, will take place Thursday, Nov. 19, at 8:15 p.m. in the Montclair High School Auditorium, 4725 Benito Avenue, Montclair.

The Claremont Symphony, now in its 17th season, directed by its founder George Denes, has also programmed Alan Hovhaness' "Psalm and Fugue for String Orchestra" and Tchaikovsky's "Symphony No. 6 in B minor," (The Pathétique).

Paul Tobias, a native Californian, and graduate of Juilliard School of Music, has been the recipient of numerous musical performance awards including those of the Young Musicians' Foundation, The Kimbber Foundation, and The San Francisco Symphony Foundation, and has subsequently studied with Gregor Piatigorsky.

## Kiln festival at Padua

A Kiln Festival with the public invited, will be held at Padua Hills, near Claremont, on November 13, 14 and 15. The demonstration of all types of art using the kiln is coordinated by Steven Zachofsky, a professional glass blower at Padua Hills.

In describing this unusual event, he listed the professional artists who will be working before their audiences.

Val Sanders of Palomar College will build the kiln into the side of a hill near the famous Padua Hills Theatre. Richard Leahy, instructor in Upland, will make jewelry. Karl Winchell of Cal Poly at Pomona will do bronze castings. Glass work over torch (as against in a furnace) will be shown by Kenneth Saxton; and Lila Stuart, teacher in Claremont, will do clay sculpture.

Zachofsky, who studied glass blowing with the masters in Europe, will be demonstrating his art during this festival of the kiln.

The festival will begin at 11 a.m. on all three days, closing at 10 p.m. on Friday and Saturday and at 8 p.m. on Sunday. It is free of charge. Padua Hills is located at the north end of Padua Avenue, which runs north from Foothill Blvd. in the eastern outskirts of Claremont.

Parking space is ample and free. Luncheon and dinner is served in the Padua Dining Room, by reservation.

## Club doings

### Upland BPW

UPLAND — The sixth annual Youth Leadership Conference sponsored by the San Orco District Business and Professional Women's Clubs will be held at Chaffey College Nov. 14.

Students from high schools in San Bernardino and Orange counties will be attending the one-day conference. Morning and afternoon workshops will be held for the students. Leaders from business and industry will be on hand. Students from Chaffey College will also help with the workshops.

Purpose of the conference is to give students an understanding of how business functions in our American way of life; to help students learn about leadership techniques; to demonstrate to the students the importance of ethics in business; to show students of importance of respect for law and order and other people's property.

The conference will start with a welcome at 9 a.m. by Dr. T. Stanley Warburton, president of Chaffey College, followed by response and introductions given by students attending the conference.

Speaker for the conference will be George Gilbert, Gilbert is a graduate of the University of Minnesota, with a Masters degree in speech from USC. He is known as "Mr. Melting Pot, USA" and has delighted audiences from coast to coast with his program "How Other People Talk."

The conference will end with reports given by student recorders appointed to the different workshops. Mrs. Carl Weatherhead of the Upland BPW Club is Chairman of the conference this year.

Students not already registered who wish to attend may contact Mrs. Weatherhead at 982-5413, or Miss Carol Tronstad, president Upland BPW Club, 982-6176, evenings.

### Republican Women

CUCAMONGA — The last meeting of the year for Chaffey Community Republican Women, Federated, will be held Wednesday, Nov. 18, at Red Hill Country Club, Cucamonga, at 12:15 p.m.

Reservations for the installation luncheon should be made with Mrs. Steve Krynski at 985-7033 or Mrs. Dell McDaniel at 985-7583.

### Youth activities

#### PV YMCA

The Pomona Valley "Y" will offer an overnight program for youth ages 8-14 years. Boy's night will be on Friday, Nov. 13, and the Girl's night will be on Friday, Nov. 20.

Activities will include gymnasium games, trampolines, swimming pool games, fun swim, and movies. A Friday night snack and Saturday morning breakfast will be provided.

Non-members of the "Y" may also attend. Call the YMCA for further information, 623-6433.

### PBX classes for adults

Two 8-week courses in PBX training have been scheduled by the Adult School Division of the Pomona Unified School District.

The first class will begin on Monday, Nov. 16, meeting Monday and Wednesday evenings from 7 to 10 p.m. at Park Avenue High School at 605 N. Park, Pomona.

The second class will begin on Tuesday, Nov. 17 and meet Tuesday and Thursday evenings from 7 to 10 p.m.

Mrs. Johnnie Wilson is the instructor of the Monday-Wednesday class and Mrs. Rose Jernigan will instruct the Tuesday-Thursday class.

Registration is now in progress at the Adult School office located in the Education Center Building at 800 S. Garey, Pomona, from 8:30 to 4:30 Monday through Friday and 7 to 8:30 p.m. Monday through Thursday evenings.

### SACH Auxiliary

UPLAND — The first regular meeting of San Antonio Community Hospital Women's Auxiliary will be held Monday, Nov. 16, in Alta Auditorium at the hospital, 999 San Bernardino Rd.

Speaker for the luncheon will be Dr. Joseph J. Schechter whose topic will be "Surgery 1970 SACH." Dr. Schechter is certified by the American Board of Surgery and has been a member of the hospital's medical staff since 1964. He is currently chairman of the surgical committee.

Luncheons this year will begin at 12 noon, and programs will commence at 12:40 p.m. Members are asked to note the time change.

Mrs. John King, gift shop chairman, is badly in need of substitutes and evening workers in the gift shop. Members who can spare four hours a month are asked to call Jean Grace in the Women's Auxiliary office.

Reservations for the luncheon should be made by Friday, Nov. 13.

### Sharon-Hadassah

UPLAND — The next general meeting of Sharon Chapter of Hadassah will be held in the home of Mrs. Bill Kertes, 1841 Albright Way, Tuesday, Nov. 17 at 12:30 p.m.

Guest speaker will be Moshe Amon, Ph.D. candidate in political philosophy at Claremont Graduate School.

### Upland Travelers

UPLAND — The Upland Travelers have returned from an eight-day trip through northern California.

The group visited Benecia, the first Capital of California; Christian Brothers and Italian Swiss Colony wineries; rode the famed Skunk Train from Fort Bragg to Willits; spent three nights and two days exploring San Francisco from Chinatown to Fisherman's Wharf, the Japanese Tea Garden, the Golden Gate Bridge and riding the cable cars and returned thru Carmel and the 17 mile drive and the flower country.

Since returning they attended a theater party at the Gallery Theatre in Upland and saw "The Odd Couple." They also visited Oak Glen Apple Country.

Plans are underway to see, "The Song of Norway" at Pacific Cinerama in Hollywood Nov. 21. Reservations for this trip must be made by Thursday, Nov. 12.

The December trip will be to Calico Ghost Town. Further information about the club, or reservations, may be handled by calling Myrtle Buchanan at 985-4272 or Ruth Bancroft at 982-3620.

### DAV Auxiliary

UPLAND — The regular meeting of the Ontario - Upland Unit 27,

Disabled American Veterans Auxiliary, will be held Monday, Nov. 16 at 7:30 p.m. at the Woman's Clubhouse, 738 N. Euclid Ave., Ontario.

### Temperance Union

UPLAND — "Community Responsibility" is the program theme for the Nov. 20 meeting of the Upland Woman's Christian Temperance Union to be held at 1 p.m. at the home of Mrs. Iva Marr, 170 Tenth Avenue.

Resolutions from the National Convention will be further discussed and plans for sending gifts to the Christmas party for the guests at Patton as a County group will be investigated. Citizenship and social service departments are on the agenda for this meeting.

### Alpha Alpha Nu

WALNUT — The Alpha Alpha Nu chapter of Beta Sigma Phi conducted its traditional pledge ritual recently to welcome two rushes, Mrs. Bill Blakely and Mrs. George Hansen. Mrs. Robert Baumgartner, president, conducted the ritual at the home of Mrs. Hank Greenberg of Walnut.

New members will be introduced to the San Gabriel Area Council at a dessert social Nov. 11 at the Diamond Bar Country Club.

### Opti-Mrs.

WALNUT — The Walnut Opti-Mrs. will present a game night Nov. 14 at

8 p.m. at \$1 per person.

The activity will be held at the Walnut Optimist clubhouse located at 18916 Camino De Gloria in Walnut.

### Christian Women

The Pomona Valley Christian Women's Club will hold a family night dinner Tuesday, Nov. 17 from 7 to 9 p.m. at Griswold's Indian Hill Restaurant, 555 Foothill Blvd.

Bill McKee

The club will have a special guest speaker Bill McKee, from the Overseas campaign. Chosen as "Outstanding Young American" in 1967 by the Jaycees he will present a program of special interest to teenagers.

Reservations must be made by Nov. 13 by calling 985-5472 in the Ontario-Upland area and 599-3922 in the Pomona area.

## Church news

### Women's Fellowship

ALTA LOMA -- The Women's Christian Fellowship will hold a rummage sale Saturday, Nov. 14, from 10 a.m. to 4 p.m. at the Alta Loma Community Church.

The sale will be held in the parking lot of the church which is located at the corner of Baseline and Hellman Avenues. Mrs. Richard Milam is chairman of the event.

The November business meeting will take place Thursday, Nov. 19, at 7:30 p.m. at the home of Mrs. Dean Leonard, 7628 Alta Cuesta, Cucamonga.

### Ramona Avenue

LAVERNE -- The Rev. Neil Coleman will speak on "The Beliefs of Alexander Campbell" on Sunday at the 10:50 a.m. service.

The Early Bird Service is held at 9 a.m. and Church School at 9:30. Nursery care is provided.

The minister is teaching the lay School of Theology each Monday evening at 7:30. The subject is Luke-Acts.

A staff meeting has been called for Saturday, Nov. 14, at 9 a.m.

### Valley Drive-In

SAN DIMAS -- "The Youth Drug Scene", a revealing film about the drug problem, will be shown as part of the Sunset Vespers service Sunday, Nov. 15, beginning at 7 p.m., at the Valley Community

Drive-In Church, 1100 W. Covina Blvd., San Dimas. Teenagers and their parents are especially urged to attend and hear this story direct from the life and lips of an actual teenage drug user. It will be shown in the Drive-In area only.

At both 9:30 and 11 a.m. worship services, Senior Minister David A. Ray will speak on "Your Misfortune Can Be Fortunate". Sunday Church School is conducted during both hours. Nursery care is available.

### Baha'i Community

SAN DIMAS -- The Baha'i Community of San Dimas will join millions of believers throughout the world in commemoration of the 153rd anniversary of the Birth of Baha'u'llah, Prophet-Founder of the Baha'i Faith, on Thursday, November 12.

San Dimas Baha'i is held a special observance consisting of prayers and devotions Wednesday, Nov. 11, at the home of Bill and Doris Short.

Jon Shaw, Chairman of the San Dimas Baha'i Community, stated that the theme of this year's observance is "Baha'u'llah -- Divine Educator for Today". The theme is tied to 1970 being International Education Year.

### St. Mark's

UPLAND -- St. Marks Episcopal Church, 330

## Lifting first shovel

Groundbreaking took place Sunday, Nov. 1, on 14th St., one block east of Mountain Ave., Upland, for the Upland congregation of the Reorganized Church of Jesus Christ of Latter Day Saints. A church and worship center will be erected on the site. Participating are, from left, Hugh Kensler, architect; Eugene Theys, Stake bishop; John Worlund, Stake president, and Paul Hampton, presiding elder for the Upland congregation.

### Wesleyan Church

SAN DIMAS -- The Rev. L.B. Smalley will speak on "How Can I Understand?" at the 10:30 a.m. service of the Wesleyan Church, 125 Gladstone Ave.

In the evening at 7, the pastor's topic will be "From Rebel to Witness."

### Brethren Church

LA VERNE -- Bill Wiloughby is leading a series of seminars on issues in contemporary theology at 7 p.m. on Sundays at the Church

of the Brethren social hall. The book by Langdon Gilkey, "Naming the Whirlwind", is being used as a focus for study.

### First Brethren

LA VERNE -- The Rev. Forest Lance will preach on "Why Christ Died" at the 9:45 and 11 a.m. services at the First Brethren Church on Sunday.

The pastor's 7 p.m. topic will be "The Nature of Christ's Coming Kingdom", a presentation of Part II of his series. Sunday School begins at 9:45 a.m.

**Yes, at . . . VILLA LA VERNE!**  
**McKEON APARTMENT HOMES**

It's not surprising. Take a look at these beautiful 2-bedroom apartments yourself and you'll find it hard to believe that you can buy one for just \$15,500. To make it even easier to afford, you pay only \$500 down and \$121.58\* a month. That modest amount buys you an apartment with double-thick walls, and nobody above or below you. It has a built-in electric kitchen. Air-conditioning. Wall-to-Wall carpeting. And your choice of decorator colors. At Villa La Verne, you can enjoy all the benefits of home ownership and none of the drawbacks. You get to deduct taxes and interest from your income tax. But you don't have to worry about exterior maintenance and gardening, because it's all done for you. While you relax by the pool. Each Manor House has four apartments, with garages for all and a laundry room. You have your choice of four floor plans. But you won't have that choice for long, the way they're selling now. With everything they have going for them, it's not surprising they're going fast. So better drive out right away, anytime between 10 a.m. and 6 p.m.

## Nazarene Church

UPLAND - The Rev. Clyde Golliher, missionary to Peru, is the guest speaker for the November meeting of Kingsmen at the Upland Church of the Nazarene, Nov. 14.

Mr. Golliher is the district superintendent for the work of the Church of the Nazarene in Peru. He will be showing pictures not only of the church work, but also of the country and the recent earthquake.

Rev. and Mrs. Golliher are both from Upland and members of the local

congregation. Mrs. Golliher is the daughter of Mr. and Mrs. Leonard Smith of West Ninth St., Upland. They are here for just a few days having flown back to the United States to meet with leaders of the denomination. The Gollihers have served the Church in Peru for 18 years.

During their service in Peru, the Gollihers have worked with the Spanish-speaking people, and with the Aquaruna Indian in the Upper Amazon area. Mr. Golliher's first four years in Peru were spent

in evangelistic work. Since 1956 he has been involved mainly in administration, working with the missionary council and as liaison between the council and the National District superintendent for the Nazarene church.

The couple is due for a furlough in 1972 at which time they will enroll their youngest daughter, Billie, now 15, in college. They have two other daughters, all of which have spent their growing up years in South America. They are Mrs. Jeanie Treber of Upland, employed at the

Upland Feed and Fuel, and Mrs. Claudia Pfeifer who is with her husband at Fort Riley, Kansas.

Mr. Golliher said he and his wife plan to return again to Peru following their next furlough. "I felt called to do this," he said. "There is nothing else I want to do and it is gratifying work. In a life of service I have found that life is worthwhile."

Men of the community are invited to hear Rev. Clyde Golliher at this dinner meeting which is scheduled for 6:30 p.m.

Rev. Golliher

## Fellowship C of B

LA VERNE - Ed Stinson will be the 10:45 a.m. Sunday morning speaker at the Fellowship Church of the Brethren, 2282 3rd St., La Verne. Stinson is a teacher in the Hacienda-La Puente School district.

Worship leader will be Garey Fischer, Citrus College student. Paula West, full-time worker for Campus Crusade, will be soloist.

The Baptist Youth Singing Group will perform at the 7 p.m. service.

Wednesday at 7 p.m., Ed Stinson and Sylvia Heist will lead the service.

## LVH Presbyterian

LAVERNE -- "Busy Here and There" will be the sermon topic of the Rev. John R. Springer at the LaVerne Heights Presbyterian Church, meeting temporarily at the Ramona Christian Church, Ramona and Juanita Avenues, LaVerne, on Sunday at the 9:30 a.m. service. The pastor will also bring a child-

ren's sermon, "Letters for God," after which youngsters will leave for a Children's Film Festival with Mrs. Fred Downing.

Sunday Church School will be held at 10:45 a.m., and Crib and Nursery care are provided throughout the morning.

Adults and High Schoolers will meet together for church school to view a special interpretative film put out by the Synod of Southern California.

## Health implications study on nitrates

The film includes pictures of the new Presbyterian church building at the site at 1040 Base Line Road, and a discussion between Pastors Payden and Springer.

On Monday, Nov. 16, Crusader Club will meet at the church at 5 p.m., to go on an ice-skating social; Hi Lifers meet at the church on Tuesday, at 6:30 p.m.; and the Cadet Club meets on Thursdays, from 3:45-5:15 p.m.

Following reports of high nitrate levels in the water supplies of some California communities, the Legislature in 1969 authorized the State Department of Public Health to study possible health implications. Preliminary findings were discussed today by Dr. John R. Goldsmith who is our director of the study. He said certain bacteria normally present in the digestive tract of a young infant can reduce nitrate in drinking water to nitrite, a salt that can be absorbed by the blood. The nitrite may convert some of the blood's oxygen-carrying pigment, hemoglobin, to the methemoglobin, which does not carry oxygen. In a few cases reported outside California, too much methemoglobin caused illness in infants who had been exposed to well water with a high nitrate level. The U. S. Public Health Service measured nitrate levels in Southern California last year and concluded there was no immediate threat to public health. Two different types of elevated methemoglobin levels have been found in tests on young babies in Alameda

and Kern Counties, Dr. Goldsmith said. Clinics in Delano and MacFarland, and a control group in Berkeley, turned up slightly higher methemoglobin levels in one- and two-month old infants than in older babies. This appears to be a normal elevation which occurs in the first few months of life and is not related to the nitrate level, he said.

A few cases with a methemoglobin level somewhat above normal have been found in infants in Kern County, but no illness related to high nitrate water has occurred. However, elevated methemoglobin levels have been noted in infants who were drinking bottled water and who also had an illness, such as diarrhea. Dr. Goldsmith said the study team will continue to look for methemoglobin levels, beyond the normal range found in young infants, which might be due to nitrate in water. Babies with higher than normal levels will be checked periodically to make sure they return to normal, he said.

## Profile:

## A 'Woman of Achievement'

BY JANNLEE BROOKS

MONTCLAIR -- Kathryn R. Wilson isn't the easiest person to interview. She won't talk about herself but vociferously expounds on any number of things -- including the Montclair Heights Business and Professional Women's Club, Reach Out West End, The Montclair Vista Woman's Club, Montclair Friends of the Library, Montclair High School Cavaliers and City of Hope -- all of which she is a member.

President of the Montclair Heights BPW, Kathryn was chosen the 1970-71 Woman of Achievement. She received the award at the Fall BPW San Orco District Conference held in Palm Springs last month.

Members of the Montclair chapter honored her recently at their November meeting.

Kathryn, who has resided in Montclair for 10

years, was born in Austria-Hungary. (The two European countries were combined at that time.) Says Kathryn, "I am an American by choice and proud of it!"

She is the mother of two children and grandmother to five.

And that's all Kathryn wanted to talk about herself. The interview went like this:

"Now Kathryn, about your award."

"Yes, I feel very humble of the honor, but still don't know why it was bestowed on me. You know, there are so many women in the club doing so much good work in the community."

"The club itself -- why, they've been very active in several phases of community service. We sent 10 Montclair High School students to the Youth Seminar held at Chaffey College last weekend. We give scholarships to business women wishing to continue their education. The

club is deeply involved with the West End Reach Out program. Reach Out is a young people's rehabilitation project. At Christmas time the club gives a party for patients at Montclair Manor."

"Yes, Kathryn, the BPW is certainly an active organization, but about you --"

"One of my pet projects is the City of Hope, Montclair -- Claremont branch. I'm president of the local branch. The City of Hope is a pilot medical center dedicated to the conquest of catastrophic diseases. There is no paying at the City of Hope -- all chapters of City of Hope have dedicated themselves to raise the necessary monies needed for the life-saving work done at the hospital which is located in Duarte, Calif."

"Yes, indeed, the City of Hope is a very worthy organization, but now, about you --"

"I was awarded the '500' pin for raising \$500 in one year's time for the City of Hope. At Hope we have several fund raising functions, among them are bake sales, rummage sales, fashion shows, silent auctions -- not to mention our Blue Banks."

"Yes, Kathryn, but you --"

"Oh, I'm also a member of the Montclair Vista Woman's Club. I have held the office of corresponding secretary and was Amenities Chairman. I'm now serving as a Senior Board of Director. In the club's monthly bulletin I have a little gossip column entitled Kate's Kat Kolumn."

"Women's Clubs are so necessary in a community. Our club is always involved in some civic service project or another."

"About your work, Kathryn --"

"I love it. I've been employed by the Mont-

clair Pharmacy for 11 years. I'm a cosmetician. I enjoy helping women with make-up and their selection of fragrances. It's fun and I meet so many interesting people."

"What about hobbies?"

"Well, getting involved in worthwhile causes is my main hobby. I like baseball and gardening, too -- when I find the time."

"What about faults?"

"My biggest fault is that I can't say 'no'. Especially when it involves sick people."

"Maybe it stems from my up-bringing -- it was very strict. Kids today don't know what strict is --"

And off went Kathryn Wilson on another tangent -- this one concerning itself with kids today and parental discipline.

Three guesses why the Woman of Achievement award was bestowed on her.

## Flood forum

Among the noted dignitaries attending Friday night's Mud and Flood Control Forum was Montclair Mayor Harold Hayes. The forum was sponsored by Chaffey College and featured officials on the county, state and national levels to inform the interested public as to what precautions are being taken to avert another crisis similar to the area flooding of 1969. Blake Johnson, field representative for San Bernardino County Supervisor Daniel Mikesell, was pleased and happy to see the City of Montclair represented at the forum.

## Servicemen's news

## Robt. Blough

MONTCLAIR -- Marine PFC Robert W. Blough, son of Mr. and Mrs. G. M. Blough, has reported for duty at Marine Corps Supply Center, Barstow.

## J.M. Vanderburg

MONTCLAIR -- Marine Lance Corporal, Jackson M. Vanderburg, received a Meritorious Mast while serving at the Marine Corps Air Station, Santa Ana.

## D.B. Dickson

MONTCLAIR -- Daniel Bert Dickson, son of Mr. and Mrs. Edwin Dickson of Montclair, recently enlisted in the United States Army for three years.

According to Sergeant First Class R. A. Champoux, U.S. Army Recruiter in Montclair, Daniel has been guaranteed training as a Projector Repairman.

After he completes eight weeks of basic training at Fort Ord, Calif., he will receive speciality advanced individual training for eleven weeks at Fort Monmouth, N. J.

## Larry Mackey

MONTCLAIR -- Navy Airman Apprentice Larry D. Mackey, son of Mr. and Mrs. Earl Mackey of Montclair has deployed to the Western Pacific aboard the aircraft carrier USS Hancock from Naval Air Station, Alameda, Calif.

The Hancock, oldest at-track carrier afloat, is last

year's recipient of the Battle Efficiency award and this year added to her laurels the Arleigh Burke trophy for the greatest improvement in battle efficiency.

## Terry Southard

MONTCLAIR -- Army Warrant Officer candidate Terry L. Southard, son of Mr. and Mrs. Hugh C. Southard of Montclair, recently completed a helicopter pilot course.

Southard, a 1968 Montclair High graduate, will undergo advanced flight training at the Army aviation school at Ft. Rucker, Ala. Upon completion of the advanced training he will be appointed a warrant officer.

## WHEN TO SPRINKLE

Although the time of day is not particularly important, early morning is preferable to midday, when water evaporates rapidly, and evening, when the turf stays wet longer and becomes susceptible to fungus disease. After breakfast and two hours or so after lunch are other favorable sprinkling times.

## Early bird gets the college space

Incoming transfer and freshman students thinking about entering the state college system will have to make an early decision according to California State Polytechnic College, Kellogg-Voorhis, Pomona Associate Dean, admissions and records, Richard G. York.

Under the state college system common admission plan, students may make application from November 1-30 only.

York said the space reservation applications received at all 19 state colleges will be sent to a regional data center for computer processing and selection. Students selected by the computer for a space reservation will be notified after next February 5.

York said the new system will allow new and transfer students to send one \$20 application to any state college and students may select, in order of preference, which school they desire to attend.

The number of openings available for space reservations, York said, depends on the number of students continuing and the number dropping out within enrollment ceilings. State policy gives junior college transfer students priority over incoming freshmen.

Student enrollment quotas within each departmental major are also a consideration, York said. The "more popular" majors are more difficult to enter than the "less popular" ones. As an example, landscape architecture is offered at only two of the colleges in the system, and in proportion to the population would have fewer openings than other majors, York said.

York cautioned students who enroll in a "less popular" major with hopes of switching majors once enrolled, York said this is possible in some cases, but it is usually difficult and may cost the student units, especially at colleges with the "inverted instruction," like Cal Poly.

Inverted instruction, York explained, allows

## Scouting around BSA regional meet

Five Leaders of the Old Baldy Council Boy Scouts of America, will take part in the Region Twelve Annual Meeting in Las Vegas, Nevada at the Sahara Hotel, on November 12-13-14.

Dr. William Toothaker of Claremont, Past President of the Council, will head the local delegation. Members of the delegation are Council Treasurer Jesse Shaner of Claremont; Council Camping Chairman Warren Cliburn of Ontario; Scout Executive Everett Vinzant of Claremont; and Council Program Director Walt Pearson of La Verne. The wives of these Scout Leaders will also attend.

The delegation will take part in sessions related to council management and the work of council committees. They will also participate in the Region Twelve Annual Business Meeting, attend the Recognition Banquet on Saturday, Nov. 14 at which five men will be awarded the Silver Antelope, one of the highest awards of the Boy Scouts of America.

The Old Baldy Council has a 1970 goal of 23,000 boys and 600 units, according to Everett Vinzant Scout Executive.

## Quarantine for wild animals

California is the first state in the nation to regulate importation of 145 varieties of wild animals that may transmit disease to humans, County Health Officer Dr. Gerald A. Heidebreder announced today.

He said the State Board of Public Health, meeting in San Diego last month approved regulations which provide a 30-day quarantine period for these animals. The group includes squirrel monkeys and a number of South American wild cats such as the margay and ocelot. Animal importers may sell directly to zoos and medical research facilities that maintain their own quarantine operations.

"To prevent transmission of rabies, tuberculosis and other infectious diseases, all other animals must be quarantined for a month before sale," Dr. Heidebreder stated.

He added that both private individuals and commercial firms will pay a five dollar fee for each animal imported into the state. Pets brought into California must also meet the quarantine requirement. Owners must identify the veterinarian who will perform the necessary examination and tests.

## Cars and horses star at Cal Poly

Some of the most expensive and revered cars ever to enter California State Polytechnic College, Kellogg-Voorhis, Pomona will join beautiful Arabian horses as stars of the Sunday, Nov. 15 horse show at 2 p.m.

The cars on exhibit at the horse arena will include the oldest and newest Rolls Royce Silver Shadow and a Bentley. Accompanying the cars will be 75 to 100 members of the Rolls Royce Owners Club and the Bentley Drivers Club.

Hosting the meet is John Milchick, of Burbank, who will be driving a Silver Shadow belonging to Mrs. Charles Peters of Beverly Hills. Mrs. Peters' Rolls Royce is valued at \$12,500.

Milchick also said the area's oldest Rolls Royce, a 1914 model, may also be on exhibit at the Sunday showing.

The Cal Poly, Pomona Arabian horse shows are held each Sunday, October and November and January through May at 2 and 3:30 p.m. Admission is 75¢ for adults and 25¢ for children.
